

The mission of *Excelencia* in Education is to accelerate Latino student success in higher education. A critical group of institutions enrolling and graduating Latino students are Hispanic-Serving Institutions (HSIs).

Summary of the 2015-16 HSI List

In the 1980s, leaders recognized a small set of institutions enrolled a large percentage of Latino students but had low levels of resources to educate these students. The classification of Hispanic-Serving Institutions (HSIs) formally recognized these institutions for capacity-building and other support.

HSIs are defined in federal law as accredited and degree-granting public or private nonprofit institutions of higher education with 25 percent or more total undergraduate Hispanic full-time equivalent (FTE) student enrollment. These institutions were first recognized in federal law in 1994 in the creation of the Developing HSIs program.¹

In 2015-16, 472 institutions met the enrollment definition of HSIs, enrolling 64 percent of Latino undergraduates, and representing 14 percent of institutions of higher education.

The list of institutions identified as HSIs in this analysis is not intended to designate eligibility for any specific program; rather, the list is meant to assist in considering and analyzing the institutions that meet the basic legislative definition of a Hispanic-Serving Institution. The following list of HSIs was created using data from the Integrated Postsecondary Education Data System (IPEDS).²

¹ Summary of Title V of the Higher Education Act, as amended in 2008. To be eligible for the "Developing HSIs Program", the law further requires that an HSI have a high enrollment of needy students and low educational and general expenditures.

² IPEDS is a system of surveys designed to collect institution-level data from all primary providers of postsecondary education. IPEDS is maintained at the National Center for Education Statistics (NCES), U.S. Department of Education.
